**Announcing the Award of JSA-S1004:2020 Certification by Nippon Kaiji Kyokai (ClassNK) to
Tasco Yusen Gold Cold Sdn Bhd (TYGC), a Subsidiary of TASCO Berhad**

PETALING JAYA, 28 July 2022 - TASCO Berhad (TASCO) wishes to announce that Tasco Yusen Gold Cold (TYGC or the "Company"), a 70%-owned subsidiary has on 28 July 2022 received the JSA-S1004:2020 certification issued by Nippon Kaiji Kyokai, also known as ClassNK. The certification was presented at an awards ceremony held at Sunway Resort Hotel in Petaling Jaya. TYGC is the first company in ASEAN countries to receive this certification.

With the aim to improve the quality of cold chain logistics services in ASEAN Member States, the Ministry of Land, Infrastructure, Transport and Tourism (MLIT) of Japan in collaboration with the responsible parties in charge of transport in ASEAN Member States drafted the "ASEAN-Japan Guidelines on Cold Chain Logistics" in 2018. Subsequently, it was endorsed at the 16th ASEAN and Japan Transport Ministers Meeting in Bangkok, Thailand in November 2018. The objectives of these Guidelines are to improve the quality level of the local logistics services through the use of these Guidelines.

JSA-S1004:2020 Cold chain logistics services - Requirements for low temperature storage services and low temperature transport services ("JSA-S1004"), which has been developed by Japanese Standard Association under the leadership of MLIT, is in compliance with "ASEAN-Japan Guidelines on Cold Chain Logistics".

The certification body, ClassNK is a non-profit non-governmental organisation which focuses on the development of relevant rules, procedures and guidance, and maintains and develops its commitment to scientific and technological research and development with its Head Office located in Tokyo and in Chiba, Japan.

TYGC Group Chief Executive Officer Freddie Lim said, "It is indeed an honour for TYGC to be the first company within ASEAN countries to receive this certification. With this certification, we have become the leading company in ASEAN for third-party cold chain logistics services. Our clients can be further assured of the quality and competency of our cold chain logistics services."
